### Post-school pathways

In 2023, all nine Year 12 completers who responded from Currimundi Special School continued in a meaningful post-school pathway.

One respondent was participating in further education or training, in campus-based study.

Work was a pathway for two respondents, either in open employment (one) or unpaid or volunteer work (one).

There were six respondents not in education, training or employment but were attending a day service.

The post-school pathways of Year 12 completers from special schools were categorised into eight *main pathways*. Respondents who were in education, training or employment as well as attending a day service were reported in their education, training or employment pathway. These pathways are defined on the next page.
